TRAVELERS INS. CO.—(Continued).

ployees hired after February 21st are insured for $1,000 after three months' continuous service. Between twelve and thirteen hundred employees are covered under the contract. The contract includes the usual Permanent and Total Disability Benefit feature and the employees are automatically covered on the date they become eligible for the insurance whether their names have been reported to the Travelers Insurance Company or not.

Mayor Lunn made the following statement concerning the city's action in insuring its employees: "We are taking this action in the interest of common justice and wise business policy. Most of the large industries are adopting the plan in the interests of their employees, and I feel that the interests of city employees should be protected as well as the employees of a manufacturing plant. In addition, I feel that the city administration is as thoroughly a business institution as a private concern."

The only other case that has been brought to our attention whereby city employees have been insured under group plan, is that insured by the Equitable on the employees of Albuquerque, New Mexico, reference to which appears elsewhere herein.
